My Dear Noble

I want to tell you what a treat it was to me to hear the W'hee Male voice Choir do your splendid choruses on the tone just ended. Your & my works were both rendered in a truly superb manner — as you imagine.

I also want to thank you for the kind greeting conveyed to me in a letter from Mrs Sawyer. I wish I could hear you play again soon.

You will have heard of my dear mother's illness & can imagine my distress at being so far away at such a time.

With heartiest greetings to you & yours

Mr. V. T. Noble is in every respect most admirably fitted for the post of a Cathedral Organist. He is equally successful as a player, as an accompanist and as a choir trainer; & has the rare gift of inspiring his forces with enthusiasm and making himself thoroughly popular with them. My dear Noble,

I shall be able to tell
you early next week the
exact details of the deputy ship.
I should gather that it will
not be worth less than £140 or
£150. I sincerely hope if
this is so, that you will let
me propose you to the Council.
You will have an exceptionally
fine year, & more leisure
time than you have now: &

Dear Mr Noble ,

Many thanks for your kind letter and for your beautiful work " Introduction and Passacaglia " . I am sorry the latter was returned to you in August and I did not receive your letter either .

I recognized at once the fine theme you submitted to me for improvisation . You certainly treated it beautifully and if it sounds grandly on the organ as I have immediately ascertained, I realize how well it must sound with the orchestra . Please accept my most sincere congratulations and my best thanks again .

I am sorry you were not able to come over to Paris last Summer . I should have been delighted to welcome you in my home . Let us hope in better times .

With kindest regards from Madame Dupré and myself .

Yours sincerely ,
